

Dear Parents,  
Greetings from DPS Nadergul!

The SA1 exams have concluded and term II has just begun. The syllabus for term II is in full swing. It is time for the school to reiterate a few facts for your perusal and follow up.

- Do reflect on your ward's academic performance. The school has also begun the After School Academic Support Programme and other action plans are on for diagnosis and remediation. Parents are requested to help their wards by following up the school's plan and giving personalised attention for improved performance.
- **Project dress code:** Do ensure your ward is in neat, complete uniform as per timetable. Neat shoes and neat ironed clothes show a groomed, complete personality.
- The school campus is an English speaking zone for all students except during language classes. Do instruct and emphasize its importance at all times. Encourage your wards to read every single day whether it be reading newspapers, books, listening to English news and learning a new word every day. Parents are encouraged to create an English speaking environment for a specific period of time each day to facilitate improved communication skills.
- As part of **Swatch Bharat Abhyan**, the school has taken up **Swatch Kaksha Abhyan** (cleanliness of class rooms). Do encourage your ward on the importance of cleanliness of campus, at home, at school and in the buses and not to forget personal hygiene.
- Global warming has reached alarming levels across the world. Every family has to do its bit to work towards environment conservation. Parents are requested to celebrate a green Diwali with reduced or no crackers, lighting candles and earthen lamps instead of using electricity. Adult supervision during use of crackers is a must. We pray for a safe and wonderful Diwali.

**May lights triumph over darkness  
May peace transcend the earth  
May the spirit of light illuminate the world  
May you celebrate a wonderful Diwali this year**

**Happy Diwali!**

Ms.Padma Jyothi Turaga  
Principal
