Dear Parent, Greetings from Delhi Public School, Nadergul!!

***The safety and security of children is paramount to school.***

The following are the observations regarding the own transport vehicles and the drivers during the pickup and drop of children. These observations have been taken, keeping in mind the safety and security of children.

1. Many a time the vans are overcrowded with all most 18 to 19 students packed in the vehicle.
2. In some vans, the children are made to sit on stools.
3. The window grills of many vans are not fixed.
4. The door of one of the vans is not fixed for a long time.
5. The drivers change quite frequently making the school risky of delivering the children to them.
6. Some of the drivers have been observed to be very young.
7. In a few cases, the drivers were seen taking children in a cab.
8. The vehicles also are driven very fast and it has been found that they overtake each other in a bid to come early to school.
9. It has been observed that the school bags and lunch baskets are kept on the top of the vans again bringing in an element of risk.

Keeping these concerns in mind, the school is proposing smaller wingers next academic year for the convenience of students closer to school and to provide pickup and drop as close to the home as possible. Parents who are interested to avail this winger facility may send their consent as early as possible so as to plan for the next academic year. The financial modalities will be based on the number of parents who opt for the facility.

Regards,

Principal  
Delhi Public School  
Nadergul

**CONSENT FORM**

I \_\_\_\_\_ parent of \_\_\_\_\_, Class / Sec \_\_\_\_\_ willing / not willing to avail the winger facility.

The pickup point of my child is \_\_\_\_\_.
